🎯 Objective

As a Senior Web Developer with over 4 years of experience crafting high-performance, scalable web applications using JavaScript, Node.js, and React, I combine technical expertise with a genuine passion for innovative solutions. I focus on delivering quality code that makes a tangible impact, and I'm excited to bring my collaborative spirit and drive for excellence to your organization.

📁 Experience

○ **Shortpoint (Ann Arbor, USA)** April 2024 -
Nov 2024
Frontend Developer

- At shortpoint (Ann Arbor, MI. USA), we made designing intranets beautiful and easy with no code.
- I had the opportunity to develop beautiful UIs and implement user-requested custom features.

○ **Afternoonprep (Pennsylvania, USA)** May 2023 -
Feb 2024
Senior Frontend Developer

- Afternoonprep is a comprehensive learning management system.
- I built the LMS Tutor's dashboard and currently maintaining the web app.

○ **HNG Tech (Lagos, Nigeria)** Oct 2022 -
Dec 2022
Frontend Team Lead

- HNG Internship is a large-scale, fast paced, project-oriented internship.
- As the team lead, I managed the team, ensured collaboration, assigned tasks/issues, and maintained the code repository.

○ **KodeCamp Internship (Eket, Nigeria)** Aug 2021 -
Jun 2022
Software Developer (frontend)

- Collaborated with a team of frontend and backend developers to build the MSF Sales Management System.
